

Light Source - UV Avalight Deuterium-Halogen Source

Short description : The AvaLight-DH-S is a combined Deuterium and Halogen light source, which can be used for UV/VIS/NIR applications. The AvaLight-DH-S has an SMA905 connector to be used with fiber optic cables and bundles. For optimal coupling an adjustable focus lens assembly is included. The light source supplies a continuous spectrum with high efficiency and highest stability in the UV, visible and near-infrared range from 215-2500 nm.
